National, July 27, 2023: Greenlam Industries Ltd., among the world’s top 3 laminate manufacturers with its flagship brands Greenlam Laminates, NewMika Laminates, Decowood Veneers, Mikasa Floors, Mikasa Doors & Frames and MikasaPly, today announced its unaudited consolidated financial results for the first quarter of the financial year 2023-24.

Greenlam Industries Consolidated Results, Q1-FY’24:

For the first quarter ended on June 30, 2023, consolidated net revenues from operations witnessed a growth of 9.5%, at Rs. 515.2 crores, as compared to Rs. 470.6 crores in the corresponding quarter of the previous financial year. The laminate business witnessed a volume growth of 5.8% on YoY basis which was driven primarily by the domestic market. Overall laminate business grew by 9.7% on YoY basis. The operating profit grew by 27.8% to Rs. 64.4 crores as compared to Rs. 50.4 crores in the corresponding quarter last year. The company reported a net profit of Rs. 32.2 crores for the current quarter.

Speaking about the results Mr. Saurabh Mittal, Managing Director and Chief Executive Officer, Greenlam Industries Ltd. said, *"The first quarter of 2023-24 witnessed continued momentum with revenue growth of 9.5% on YoY basis. The quarter saw highest laminate production of 4.68 mn sheets. However, the export sales growth was impacted due to disturbance in port operations for a duration of 10 days, which was caused by cyclone conditions. The overall volume growth for laminate business stood at 5.8% on YoY basis.*

Our gross margins for the quarter stood at 52.3% as compared to 45.0% in same quarter of last year. Our EBIDTA margins improved to 12.5% in the quarter. Our disciplined commercial practices resulted in the improvement of our net working capital days by 5 days to 72 days in Q1FY24 as compared to 77 days in Q1FY23. It also takes into account the impact of inventory buildup in our new projects. Our net debt stood at Rs. 521.7 crores which includes product debt of Rs. 422.3 crores.

*In this quarter, we entered the Plywood business in South India marketed under the brand name **MikasaPly "The No Nonsense Ply"** at Tindivanam, Tamil Nadu. This state-of-the-art facility spans over 17 acres and has an annual production capacity of 18.9 million square meters per annum, which has the potential to generate revenue of Rs. 400 crores per annum on full capacity utilization. The total capex incurred for the project stands at Rs. 130 crores approx. till commencement of commercial production. Currently the plant is in stabilization mode, and we expect to ramp up production soon. The greenfield laminate plant and particle board plant at Naidupeta, Andhra Pradesh is expected to start production by Q2FY24 and Q4FY24 respectively. We remain committed to the successful completion of our projects.*

We continue to be committed to redefining interior spaces with superior quality products and innovation in technology to bring the latest trends in home décor for our customers."

About Greenlam Industries Limited

Greenlam is among the world's top 3, Asia's largest and India's No. 1 surfacing solutions brand.
