

GROW UP TO WOODS WITH MIKASA

ENGINEERED WOOD FLOORS

Mikasa floors are crafted using the latest European technology, engineered to perfection in a state-of-the-art plant. And with more than 100 unique products in an expansive portfolio, Mikasa showcases the largest selection of real wood floors in India.

The latest additions in the distinctive Mikasa Pristine collection are fascinating Oak Moonlight, Oak Winter, Oak Summer, Oak Lumen and Oak Spring. Available in 1-Strip format and Matt finish, the selection is crafted to perfection. The new offerings in the premium Mikasa Arbor range showcases ethically sourced, exotic tropical wood species. Complemented by Matt and Brushed finish,

the exquisite finesse of African and Burmese Teak, Lapacho, Brazilian Walnut and Jatoba illuminates your room with its timeless magnificence.

USP- Mikasa comes with a warranty up to 30 years. Customers who want to replace their flooring every ten years can install floors with veneers between 0.6 to 2mm thick veneers. Thicker and bigger planks last longer, which do not have any abrasions as long as 35-50 years and beyond.
