A metamorphosis of sorts in home interiors could be introduced by playing with textures in hues of

of relaxing spaces for everyone.

Matt finish with effortless maintenance

While colours might be the quickest way to liven up a home, maintaining the finish is just as important. Adding products that are easy to clean and give a matt effect to the interiors is just as essential as selecting a colour. With newer trends emerging each day, old and mundane colours have taken a back seat. Muted colours like shades of blue, and lavender which are eye-soothing and calming in nature are now in demand.

For example, Greenlam anti-fingerprint laminates and compacts offer a matt finish along with effortless maintenance. These are the finest ultra-matt surfaces with anti-fingerprint features. The laminates and compacts are anti-bacterial, anti-virus, almost zero reflection surface, hydro, mould and scratch-resistant too, making for easy maintenance and making it a perfect choice for this transition season. These are also equipped with dimensional stability and non-toxic emissions for safe and hygienic space.

All about colours, designs and finish

Colours, designs and finish are crucial in the home décor. With the change in trends, perception has now evolved towards product offerings that look premium and niche. While gloss surface finish has been in fashion for the last couple of years, the trend and demand for a zero gloss surface finish are gaining momentum.

Keeping up with trends, people are now leaning towards the imitation of luxuries creating the perfect balance of comfort and elegance. For example, Greenlam Satin surfaces offer a finish, which exemplifies a characteristic of being smooth, and soft to the touch in nature. It is available in a myriad of stunning colours, patterns and wood designs.

The patterns are curated with textures for High-Touch areas and designs which impart a warm, pleasing effect that enhances the beauty of color and produces great clarity and depth for any application. Along with a pacifying experience, these laminates also come with many excellent features such as abrasion, stain, impact and scratch resistant and are also equipped with anti-
