LOVES

SAFE ZONE
Add playful pastel hues against this Lucent Elm laminate wall from Greenlam. With a standard anti-bacterial feature, it retards the growth of bacteria up to 99.99%, giving you a hygienic and health-safe surfacing option for your walls. greenlam.com

PAINT IT ALL

These fusion pendant lights by Havells have a gorgeous and compact spherical design. The pierced dome creates a distinct and beautiful pattern on lighting. Made of mild steel and satin nickel, they are ideal for galleys and bedrooms. havells.com

SCREENED OUT

With the onset of the scorching summers, mosquitos have made a beeline to enter your home. To combat this threat, **Window Magic's** uPVC windows and doors have got an innovative protection — the Insect Screen— an easy attachment to prevent insects and mosquitoes from invading your space. windowmagicindia.com

Functional beauty

Cor presents Floater sofa that becomes a complete work space. Designed by Pauline Deltour, the sofa system with high or low back has an attached desk, plug points and shelves for notebooks and pads. Available at Plüsch. pluschliving.com

JEWELLED BRILLIANCE

Orvi's Raku surface collection has been made with finest natural stones. Each tile is expertly hand-glazed, hand-fired and rapidly cooled, using the traditional Japanese technique that results in intense colours and unpredictable patterns. Available in a wide range of tonalities, in both matt and gloss finishes. orvi.com
