The Game of Tone by Greenlam

Name: Oak Smokehouse

The Game of Tone by Greenlam

Price: On request

The chocolaty shade of Oak Smokehouse by Mikasa premium engineered wooden floors from the house of Greenlam Industries Ltd. helps you make a bold statement with your floors. Dark colours in harmony with subtle shades help create a healthy balance of tones which maintains a quintessential vibe throughout. Pair this dark wooden floor with some rustic pieces in terms of a statement grungy table with complementing chairs and give it a distinct look. Try mixing elements and experiment with various materials such as wood and stone. While they add dynamism, they give a unique look to your space.

Ash Fressno

Price: On request

Ash Fressno by Mikasa premium engineered wooden floors from the house of Greenlam Industries Ltd. makes for a stunning upgrade to your home. It's beautiful how various shades of wood combine to anchor the space with a modern and chic style. So, if you're looking to spice up your home, Ash Fressno is an excellent option. Pair these wood tones with an all-white décor to make them shine while keeping the rest of the décor very minimal.

Name: Oak Tar

Price: On request

Oak Tar by Decowood premium veneers from the house of Greenlam Industries Ltd. is an excellent fitment to your décor. When we talk about washrooms, Oak Tar aptly provides a sense of sophistication and elegance to your space. With an availability of vertical and horizontal grain patterns, you can style your existing décor adding some crisp personality to your interiors. In addition to accentuating the element of premium veneers, this shade can provide a pop of vibrant colour to a monochrome décor.
