

# Greenlam explore newer ways of designing

in the refreshing yellow shade 'Illuminating'. Now pair a book stand or case in the earthy shade of 'Ultimate Gray'. This marriage of Pantone 2021 colors will instantly infuse zeal and cheer. ■

**W**hile offices usually remind of boring tiny cubicles, working from home has given an opportunity to state your style using all your creativity. Also, the coming year will see work from home to continue to be a part of our lives for few more months. How about we give a quick makeover to your study desk? Some like to keep their desk spick and span while some prefer to keep all the office essentials or non-essentials together. Whatever your calling is, go for a study table and chair

## The WhiteTeak Company catapult “Designer Ceiling Fan Collection”

**T**he WhiteTeak Company, the true destination for Luxury and Designer Table Lamps, Floor Lamps, Hanging Lights, and Luxury and Rustic Décor has recently launched the “Designer Ceiling Fan Collection” that breathes a life of their own expressing their own stories by giving the hint of luxury.

**Piccadilly:** Bring home a hint of 17th century British Couture. The Piccadilly Circus is our version of home fashion inspired by Roger Baker. Twisty upward fancy fashion trimmings now in fan, it's surely going to take you back in time. Piccadilly Circus is a lighter motor fan to be used preferably in air-conditioned rooms.

**Sundowner:** The perfect time to relax and unwind is with the sundowner. It's a fan with a light, a retro-style twin fitting that's crafted beautifully in metal. The Sundowner is a light motor fan to be used preferably in air-conditioned rooms. It's meant to help mild circulation of air for that fresh feeling. ■
