

## IRIDESCENT TEXTURES

Mikasa premium engineered wooden floors from the house of Greenlam Industries Ltd. is perfect for application in your bedroom. With hints of beige, this hue highlights the beauty of vibrant shades such as yellow, violet and burgundy. By incorporating these hues as pops of colour, you can add an element of elegance to your space. If you want to add an extra oomph to the décor, you can add art pieces in copper and brass shades as well.

### **Oak Spring - Price: On request**

The bleached shade of Oak Spring from Mikasa premium engineered wooden

floors from the house of Greenlam Industries Ltd. adds a dreamy touch to your floors. Oak Spring seamlessly merges with your décor and makes for a flawless vision. Pair this colour with classic shades of brown and pearl white hues to add charisma to your interiors. Besides adding a mystique touch to your space, Oak Spring makes your room emanate a calming and soothing vibe. Add textures to bring in some interest to the entire ensemble with some white linen curtains and a fur mat to make the room look distinct to the eye.

### **Oak Topaz - Price: On request**

The light brown coloured Oak Topaz by Decowood premium veneers from the house of Greenlam Industries Ltd. is an excellent fitment to your décor. Besides adding a blonde shade to your space, this shade adds a touch of subtlety to your home. Pair Oak Bamboo with dark coloured real wood floors and jute storage boxes to create a sophisticated aura in your décor. This tanned tone and added texture provides a balance to your décor which makes the décor extremely appealing to the eyes.
