2. NATURE OF OPERATIONS .

The Company's factory is located in Batam , Indonesia. The main activities are to produce laminates catalogues

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Presented below are the significant accounting policies adopted in preparing the financial statements of the Company, witch are in conformity with generally accepted accounting principles according to International Financial Reporting Standards (IFRS).

a. Basic of preparation of the financial statements

The Company's financial statements were prepared by the Board of Directors . The financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS) on the basis of historical cost and/or fair value basis as stated in the respective policies and are presented in Indonesian Rupiah (IDR).

The cash flow statement is prepared based on the indirect method by classifying cash flow on the basis of operating, investing, and financing activities. For the purpose of the cash flow statement, cash includes cash in hand and cash in banks.

b. Foreign currency translation

Transactions denominated in foreign currencies are converted into Indonesian Rupiah at the exchange rate prevailing at the date of the transaction.

At the balance sheet date, monetary assets and liabilities in foreign currencies are translated into Indonesian Rupiah at the exchange rate prevailing at the date.

Exchange gains and losses arising on transactions in foreign currencies and on the translation of foreign currency monetary assets and liabilities are credited or charged to current operations.

c. Cash and cash equivalents

Cash and cash equivalents include cash in hand and cash in banks.

d. Fixed assets and depreciation

Fixed assets are stated at cost less accumulated depreciation. Historical costs cover expenditure that is directly attributable to the acquisition of the items. Depreciation of fixed assets calculated on the straight-line method to allocate the cost of assets down to their residual values over their estimated useful lives as follows :

	Percentage	Benefit Term
(1) Machinery	12.5% to 33.33%	3-8 Years
(2) Vehicle	12.5%	8 Years
(3) Furniture & Fixture	25%	3 Years
(4) Office Equipment	25%	3 Years

When assets are retired or otherwise disposed of, their carrying values and the related accumulated depreciation are eliminated from the financial statements, and the resulting gains and losses on the disposal of fixed assets are credited or charged to the current operations.

Major renovations are depreciated over the remaining useful life of the related asset.

e. Impairment of long-lived assets

At balance sheet date, the Company reviews whether there is any indication of asset impairment or not.

Fixed assets and other non-current assets, including intangible assets are reviewed for impairment losses whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the carrying amount of the asset exceeds its recoverable amount, which is the higher of an assets net selling price and value in use. for the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows.

- 2) Associated companies;
- 3) Individuals owning, directly or indirectly, an interest in the voting power of the Company that gives them significant influence over the company, and close members of the family of any such individuals (close members of the family are those who can be influenced by such individuals, in their transactions with the Company);
- 4) Key management personnel who have the authority and responsibility for planning, directing and controlling the Company's activities, including commissioners, director and manager of the Company and close members of their families; and
- 5) Companies in which a substantial interest in the voting power is owned directly or indirectly, by any person described in (3) or (4) or over which such a person is able to exercise significant influence. This includes companies owned by commissioners, directors or major shareholders of the Company and companies, which have a common member of key management as the Company.

All significant transactions with related parties, whether or not conducted under the normal prices and condition as those done with third parties, are disclosed in the related notes.

p. **Adoption of IFRS 16 on Leases**

On 1st April 2019, the Company adopted the new or amended IFRS and Interpretations of IFRS that are mandatory for application for the financial year. Changes to the Company's accounting policies have been made as required, in accordance with the transitional provisions in the respective IFRS and INT IFRS.

The accounting policy for leases from 1 April 2019 are as follows:

(i) When the Company is the lessee:

At the inception of the contract, the Company assesses if the contract contains a lease. A contract contains a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Reassessment is only required when the terms and conditions of the contract are changed.

• Right-of-use assets

The Company recognised a right-of-use asset and lease liability at the date which the underlying asset is available for use. Right-of-use assets are measured at cost which comprises the initial measurement of lease liabilities adjusted for any lease payments made at or before the commencement date and lease incentive received. Any initial direct costs that would not have been incurred if the lease had not been obtained are added to the carrying amount of the right-of-use assets. These right-of-use assets is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term

**PT. GREENLAM ASIA PACIFIC
(Incorporated in Batam, Indonesia)**

**NOTES TO FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED MARCH 31, 2020**

Right-of-use assets (except for those which meets the definition of an investment property) are presented within 'Property, plant and equipment' or as a separate line item on the statement of financial position. Right-of-use asset which meets the definition of an investment property is presented within 'Investment properties' and accounted for accordingly.

• Lease liability

The initial measurement of lease liability is measured at the present value of the lease payments discounted using the implicit rate in the lease, if the rate can be readily determined. If that rate cannot be readily determined, the Company shall use its incremental borrowing rate.

Lease payments include the following:

- Fixed payment (including in-substance fixed payments), less any lease incentives receivables;
- Variable lease payment that are based on an index or rate, initially measured using the index or rate as at the commencement date;
- Amount expected to be payable under residual value guarantees
- The exercise price of a purchase option if it is reasonably certain to exercise the option; and
- Payment of penalties for terminating the lease, if the lease term reflects the Company exercising that option.

Lease liability is measured at amortised cost using the effective interest method. Lease liability shall be remeasured when:

- There is a change in future lease payments arising from changes in an index or rate;
- There is a change in the Company's assessment of whether it will exercise an extension option; or
- There are modification in the scope or the consideration of the lease that was not part of the original term.

Lease liability is remeasured with a corresponding adjustment to the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

• Short term and low value leases

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have lease terms of 12 months or less and leases of low value leases, except for sublease arrangements. Lease payments relating to these leases are expensed to profit or loss on a straight-line basis over the lease term.

• Variable lease payments

Variable lease payments that are not based on an index or a rate are not included as part of the measurement and initial recognition of the lease liability. The Company shall recognise those lease payments in profit or loss in the periods that triggered those lease payments.
